Do you work with **3 and 4** year olds?

Does your setting know how to create tooth friendly environments?

"Good oral health can contribute to **school readiness**"

Community Dental Services

From April, we will be inviting you to join our **Healthy Smiles programme** and take part in **supervised toothbrushing** in your early years setting.

Healthy Smiles

We will offer:

- Free in house training
- Evidence based guidelines on setting up the supervised toothbrushing programme
- Set up support and resources provided
- Monitoring visit
- Regular contact and support
- Accreditation

"Parents have said the children are happier to brush at home now"

"Early Years providers have a responsibility to **promote the health** of children in their setting, set out in the **EYFS**"

"The children have enjoyed brushing. They are organised and see it as part of their daily routine now"

If you want to get involved then contact the Oral Health Promotion Team email: ohp.bedfordshire@cds-cic.nhs.uk or call 01234 310355
