Homeless after leaving hospital

Duty Line: 0300 300 4370

This leaflet provides advice for people who won’t have anywhere to live after they're discharged from hospital.

You should tell the hospital nursing staff as soon as possible, so that they know that you will be homeless when you are discharged. They will ask the hospital discharge team to help if they can.

The discharge team may refer you to the Housing Options team at the Council. They will assess your situation and you may be offered temporary accommodation while your application is assessed.

If you have a home already but it needs to be adapted, the hospital will refer you to Central Bedfordshire Council who are responsible for adaptations or Disabled Facilities Grants assessments.
