Central Bedfordshire Council
Welcome
to the second
Town & Parish Council Conference

Councillor Tricia Turner MBE
Leader of the Council
Introducing the new Chief Executive

Richard Carr
Delivering a comprehensive Community Engagement Strategy

Cllr Richard Stay
Deputy Leader of the Council
What is Community Engagement?

- Inform
- Consult
- Involve

... simply, efficiently and cost effectively
Localism Agenda

• Relevant to us all

• Further strengthening your ability to do what’s best for your communities

• We know we have to do things differently
Localism

“...holds the key to economic, social & political success in the future.”

“There are plans to give people a much greater say over the issues that affect their daily lives; plans to give local councils much more responsibility and power; and plans to actually reshape the way political power is structured”

Quote: David Cameron
Leader of the Conservative Party
Localism

“Citizens have a right to shape their community. They have a right to influence the services they receive.”

Quote: John Denham
Secretary of State
Localism

It's time to put communities back together. We'll make it possible for local people to work together to run local services.

That's how to deliver what people actually want. We'll stop interfering from central government and help communities protect local services.

Quote: Liberal Democrat Policy Statement

Nick Clegg
Leader of Liberal Democrats
Our aim...

• ...to deliver greater added value to our citizens by:

  • understanding their needs & issues; and

  • giving them a greater involvement in the decision-making process and access to public sector services.
Our 5 agreed principles...

• giving more people greater opportunity to influence decisions;

• enabling Councillors to be leaders in and for their communities;

• enhancing the role of Town and Parish Councils (where they want it);

• building the capacity for local people to engage; and

• ensuring a joined-up, strategic and coordinated partnership approach.
What does this mean for Town & Parish Councils?

• Bi-annual Town & Parish Council **Conferences**
• Identifying opportunities for **devolving services**, and budgets, to Town & Parish Councils (where they want them)
• Supporting clusters of Town & Parish Councils **working together** to resolve common issues
• Provide a **key contact** point for Central Bedfordshire Council for Town & Parish Councils
Next Steps

• Formal consultation to be undertaken by the LSP from November 2009 to January 2010

• The final strategy to be approved by the Executive at its meeting on 9th March 2010

• Where there are obvious things we can get on with that are in keeping with our principles, we will do so

… fleet of foot, flexible, and forward thinking
Question

What would your Council like to gain from the localism agenda in the context of the 5 principles in the Council’s agreed policy position?
Key Issue: Devolving Services

The Council has agreed its policy position to devolve ‘quality of life’ services where it is mutually beneficial and following the development of a compelling business case.

We will not be forcing this issue.
Popular Ideas...

- Grass cutting
- Hedge cutting
- Weed control
- Street cleaning
- Footpath maintenance
- Minor road and path maintenance

Which areas are your Council interested in?

Now is the time to talk to us
Innovation: Keeping in contact...

Our Councillors will play a key role in keeping you updated on CBC matters.

Would you value concepts such as a dedicated ‘hotline’ for Town & Parish Councils into our Customer Service Centres for problematic issues?
Question

What would your Council like to gain from the localism agenda in the context of the 5 principles in the Council’s agreed policy position?
Central Bedfordshire’s Sustainable Community Strategy

Richard Ellis
Director of Business Transformation
What is a Sustainable Community Strategy?

Sets out long term ambition & priorities for the area:-
- considers the future issues and challenges
- all partners committed
- meet the economic, social & environmental needs of the area
- ensures the health, well-being & prosperity of its people and communities
