

Application for a permit for a dry cleaners

Local Authority Pollution Prevention and Control
Pollution Prevention and Control Act 1999
Environmental Permitting (England and Wales) Regulations 2010

When to use this form

This environmental permitting regime is known as and referred to as Local Authority Pollution Prevention and Control ('LAPPC'). Installations permitted under this regime are known as Part 'B' installations. Use this form if you are applying for a permit to a Local Authority to operate a **dry cleaning installation** as defined in Section 7 of Schedule 1 to the Environmental Permitting Regulations.

You must enclose the [relevant fee](#) with your application. Your application cannot be processed unless the application fee is correct and enclosed. When complete, send the form, the fee and any additional information to:

***Public Protection, Central Bedfordshire Council, Priory House,
Monks Walk, Chicksands, Shefford, Bedfordshire, SG17 5TQ.***

Before you start to fill in this form

Please read the relevant parts of the Defra [general guidance manual](#). You will also need to read the relevant [Process Guidance Note](#) to see what standards and requirements are likely to be expected of your installation.

If you need help and advice

We have made the application form as straightforward as possible but please contact the Public Protection Team if you need any advice on how to set out the information we need.

Further information and online forms can also be found at www.centralbedfordshire.gov.uk

B1 About the Installation

B1.2 Please attach a plan of the premises showing location of:

- a) the premises
- b) where the dry cleaning machine(s) will be installed
- c) where the dry cleaning solvents will be stored
- d) where the dry cleaning residue will be stored
- e) any drains within the installation and in the immediate area of the installation which may be affected as a result of any potential Volatile Organic Compound (VOC) release from the dry cleaning operations.

B1.3 Please supply a description of the location and methods of storage of:

- a) dry cleaning solvents
- b) dry cleaning residue

B1.4 Make, model name/number, serial number, load capacity, date of installation and type of dry cleaning solvent used:

Make	Model	Serial No	Load capacity	Date installed	Dry cleaning solvent

- B1.5** Provide details, including a schedule of checking and maintenance procedures for each machine. This should include the machine manufacturers' recommended operating procedures, checking and maintenance requirements and any other additional procedures undertaken by the operator. (This should be submitted in a form of a list of the activities carried out and their frequencies. For additional guidance see Section 3, paragraph 3.14 of PG6/46(04)).
- B1.6** Provide details of any other activities carried out within the dry cleaning installation which involve the use of organic in particular spot clean solutions, water-proofing solutions and any other solvents or solvent borne preparations.
- B1.7** Provide details on the training and relevant qualifications regarding operating and maintaining the dry cleaning machine in accordance with this guidance.
- B1.8** Specify how the product will be weighed and recorded weekly and annually.
- B1.9** Provide details how the mass or volume of solvent used will be determined and recorded weekly and annually (due to the low use spot cleaning solvents they need only to be determined annually).
- B2.0 Risk Phrase Solvents.** At the time of writing and in the future it is believed unlikely that these materials will be used within the dry cleaning industry. (Details of the risk phrases of the materials used can be found on the original suppliers packaging and in the Materials Safety Data Sheet (MSDS) for the product).
