

# Application for a Part B Permit

Local Authority Pollution Prevention and Control  
Pollution Prevention and Control act 1999  
Environmental Permitting (England and Wales) Regulations 2010

## When to use this form

If you are sending an application to a Local Authority under the [Environmental Permitting \(England and Wales\) Regulations 2010](#) ("the EP Regulations") SI 2010/675 and the installation requires an air pollution control permit (known as a "Part B" installation).

## Before you start to fill in this form

Please read the relevant parts of the Defra [general guidance manual](#), Chapter 4 is about making an application, Chapter 7 is about how permits are decided and Chapter 12 gives the meaning of Best Available Techniques (BAT). Other chapters introduce the Regulations and give information about various issues.

You will also need to read the relevant [Process Guidance Note](#) to see what standards and requirements are likely to be expected of your installation.

Further information and online forms can also be found at [www.centralbedfordshire.gov.uk](http://www.centralbedfordshire.gov.uk)

## Which parts of the form to fill in

Please complete as much of this form as possible and enclose the appropriate fee then return to:

**Public Protection, Central Bedfordshire Council, Priory House, Monks Walk, Chicksands, Shefford, Bedfordshire, SG17 5TQ.**

## Other documents you may need to submit

There are number of other documents you will need to send us with your application – these will be requested on the application form. It would be simplest for all concerned if you give a document reference number for each document and record it on both the document itself and in the relevant part of the application form. Please use any existing documents where you can and they are suitable.

## Using continuation sheets

Please use continuation sheet(s) as necessary should you need extra space; but please indicate clearly on the application form that you have done so by stating a document reference number for that continuation sheet. Please also put the document reference number on the continuation sheet itself.

## Copies (not relevant for e-applications)

Please send the original and 4 copies of the form and all other supporting material for consultation purposes.

## If you need help and advice

We have made the application form as straightforward as possible but please contact the Public Protection Team if you need any advice on how to set out the information we need.
