Supporting Families

Information for Practitioners

Find us online  www.centralbedfordshire.gov.uk/supporting-families

Do you know a family who:

- Is in trouble with the police?
- Is affected by Domestic Violence or Abuse?
- Has mental health issues?
- Has physical health problems including addictions?
- Is struggling with school attendance?
- Is trying to get back into work?
- Is involved with Social Care?

If you answered YES to two (or more) questions we may be able to help.

Eligible families will receive targeted support from a Family Partner who will work alongside the whole family to bring about the positive changes that are important to them.

The Supporting Families programme is funded through Central Bedfordshire Council and is part of the national Troubled Families initiative.
