Partner with us to save your business time and money

Does your business operate across one or more local authority? Then a **Primary Authority Partnership** with Central Bedfordshire Council is the way forward for your business. We can provide robust and reliable advice on environmental health, licensing and trading standards for all your sites nationally.

As your Primary Authority partner, Central Bedfordshire Council will be the single point of contact providing advice to other local authorities that also regulate your business, helping you to drive down cost.

To find out more about what we can offer

Call  0300 300 5060/5090/5091

Email  PA@centralbedfordshire.gov.uk

What are the benefits of using us as a partner?

- You will be working with a single local authority which knows your business
- We will provide you with appropriate regulatory advice which is robust and reliable and must be followed by other local authorities
- No enforcement action will be taken against your business without your partner being notified and enforcement action can be blocked
- We will lead and co-ordinate all regulatory action regarding your business, making this an efficient and effective way to improve and maintain your compliance
- We will be the single point of contact with other local authority regulators and liaise effectively with any relevant national regulator(s)

We can also:

- Provide staff training
- Review your policies, procedures and systems e.g. food safety management system
- Audit your operating procedures/systems
- Audit your business compliance
- Review and analyse data to assist your business planning

Find out more about what we can offer

All businesses entering into a Primary Authority partnership will be charged fees to recover the costs incurred by the Council. From our own records and from information supplied by you, we can provide a **free of charge estimate** of the cost of being your primary authority.
