How places were offered at oversubscribed schools (including straight line distance of last place offered)

Queensbury Academy – 230 places available

Criterion	Requests	Places offered
1. Looked after or previously looked after children	1	1
2. Catchment sibling	17	17
3. Catchment	69	69
4. Sibling	49	49
5. Children of Academy Staff	0	0
6. Nearest school (measured in straight line distance)	32	32
7. Any other applicants	135	62
Total	303	230

The last place offered was to a child in criterion 7 (Any other applicants) who lived at a distance of **2,291.89m** from the school. Therefore, children whose application was unsuccessful were in the same criterion but lived further from the school than this distance.

Home to school distances for admission allocation purposes are measured along a straight line between a child's address and Queensbury Academy. The measurement is taken from the NLPG (National Land and Property Gazetteer) address point of the child's house to the designated measuring point of the school. Address point data is a nationally recognised method of identifying individual residences. This is an objective method of measuring home to school distances consistently when applying admission criteria. It does not take into account the actual or expected route a child will travel to school.
